

Manual Measuring Stage MT 50 x 50 for transmitted light

Measuring range:	50 x 50 mm (2" x 2")
Resolution:	depends on the micrometer screws
Micrometer mount:	Ø 12 mm (other Ø on request)
Weight:	1.25 kg
Load capacity:	10 kg

Order Information

MT 50 x 50
Order No.: 00-30-102-0000

Product Features

- ▣ for transmitted light
- ▣ various micrometers with a resolution of up to 1 µm are available
- ▣ For mounting the stage, there are 4 holes (M5 thread) in the lower plate. Other hole patterns or special adaptors are available on request.

Dimensions:

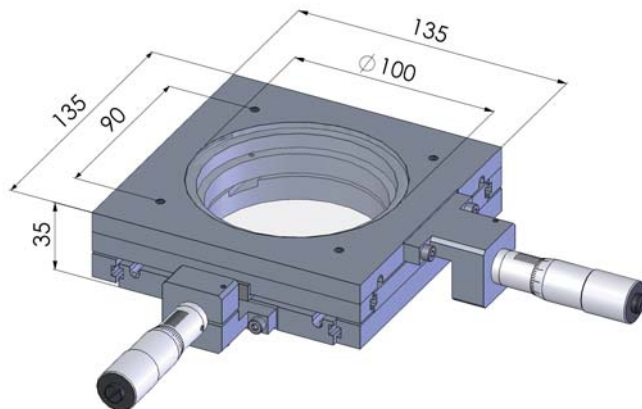

Figure with micrometer screws (not included in delivery).
